- Explain action and document key elements

X ☐

Other Required Actions

New Case Form (for docket number)

X ☐

Press Release Request (as appropriate)

X ☐

The OSC is coordinating with R10 press.

Required Notice to State Agency

X ☐

HQ¹ or DOJ² Prior Approval/Consultation

X ☐

DOJ was involved in negotiations and will sign the agreement; no HQ consult required because we did not substantially deviate from the ATP model.

(PWA) Required?

Administrative Record Complete

☐ X

In progress.

Write up for OECA weekly report

X ☐

RETURN package to Kris Leefers (ORC) for e-mailing and filing.

¹ See HQ Roles Memo Chart. HQ may require consultation or prior written approval (PWA). A copy of HQ approving memo should be included in routing package. In the event a PWA was not triggered, a courtesy copy of the agreement should be forwarded to HQ where there has been significant HQ involvement with the case, or we anticipate HQ interest in the document.

² For settlements under 122(h) where less than 100% of costs are recovered and the total response costs of the U.S. (past and future) exceed \$500,000, prior written approval of DOJ is required. The Regional ORC BC and ECL BC must send a CERCLA Administrative Response Cost Settlement Summary and a draft agreement to DOJ Assistant Chief and obtain written approval from DOJ prior to EPA's signature. DOJ will be a signatory to the agreement if based on AG's inherent authority to settle.
